

## Git and Github Week1Homework Assignment

File Explorer path: This PC > OS (C:) > Users > Sipes > projects

Name	Date modified	Type	Size
testrepository	12/27/2022 9:28 AM	File folder	

The screenshot shows the Visual Studio Code editor interface. The terminal window at the bottom displays the following command and output:

```
C:\Users\Sipes\projects> git init
Initialized empty Git repository in C:\Users\Sipes\projects\testrepository\
```

The status bar at the bottom indicates the current branch is 'master' and the file encoding is UTF-8.
